

Dear Partners,

Emirates is suspending all flights to and from Tel Aviv until 20 October 2023. Our last flight operation will be EK932 departing Tel Aviv to Dubai on 12 October.

We are closely monitoring the situation in Israel and are in close contact with the relevant authorities. The safety of our customers, crew and stakeholders is our number one priority.

Customers with onward connections to Tel Aviv will not be accepted for travel at their point of origin until further notice.

Customers affected by the suspension should contact their booking agents for alternatives, refunds, cancellations or for rebooking their flight itineraries. Change and cancellation charges will be waived for tickets issued on/before 11 October 2023, for travel until 30 November 2023.

Customers are requested to ensure their contact details are correct by visiting [Manage Your Booking](#) to receive updates.
