Connect to the rest of Canada with your bags checked through – only on Air Canada to Air Canada connections

With our International to Domestic (ITD) connection service, customers do not need to reclaim their checked baggage if they are traveling from Hong Kong connecting through Vancouver to an onward Air Canada service to other destinations within Canada. Your bag will be checked to the final destination when you check in at Hong Kong International Airport.

A seamless airport experience with In-Transit Pre-clearance (ITPC) when traveling to the US

Customers arriving in Vancouver with a connection to the United States can proceed directly from their arriving flight to the ITPC area which offers customers departing directly to a US destination the ability to clear US Customs while still in Canada. Moreover, customers do not need to reclaim their checked baggage whilst in transit in Vancouver.

More options to Canada and beyond

Take advantage of seamless connections to over 100 destinations in Canada and the US, including Calgary (YYC), Edmonton (YEG), Yellowknife (YZF), Seattle (SEA), Portland (PDX), San Diego (SAN) and more.

Departure	Destination	Flight Number	Departure Time
